Hello there!
Let me introduce me myself. My name is Anna (Sayukii) and I decided to scanlate this manga, 'cause I think the actual scanlation group dropped this project. Since I did this all by myself it was quite a job. So if you're free, why don't you help me?

I'd be happy if you could help me with:
-Cleaning RAWS
-proofreading and correcting my mistakes ('cause my grammar sucks, haha)
Just leave the translation to me. ^^

Well, if you are up for it, just PM me, "Sayukii".
Thank you and enjoy reading ♡

p.s : i'll try to submit 1 chapter per week.

-Anna

A little note

I hope you enjoyed reading! I scanlated this all by myself, so I would be really happy if someone will be ready to help me. Just PM me if you are up to it (Sayuki)

And plus this manga is scanlated by for, for fans, for FREE, so if you had to pay for for this scanlation somehow, you have been ripped off. But even if it is for free, I put much effort and time in scanlating this manga, so if anyone wants to host or distribute this, please ask for permission, or at least give me credits

Thank you!

Anna (Sayuki)
